

A Foundation OF Luxury

Inclined head can help reduce both snoring and acid reflux

Vibrating massage alleviates stress and muscle strains

Inclining lower body helps improve circulation and relieve back pain

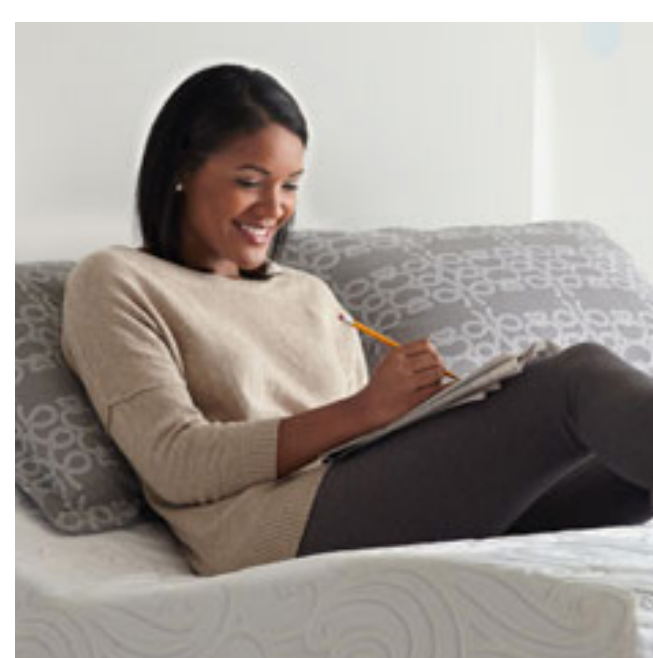

Designer charcoal upholstery fabric

Wall-hugging design keeps you close to nightstand, allows for use of a headboard

Dual USB ports on each side charge your electronics while you sleep

Under-mounted convenience lighting controlled by wireless remote

Makes perfect over-easy eggs each morning (kidding, but you almost believed us!)

An adjustable bed makes customized comfort easier than ever. Find the perfect angle and position for reading, watching TV, working on a laptop or simply relaxing in bed. Some even have speakers and Bluetooth functionality, allowing control from your smartphone or tablet! Durable construction, thoughtful designs and premium features will enhance your lifestyle and upgrade your quality of life.

Homemakers carries a full selection of adjustable beds from six top brands. Stop in to speak with a Specialist or visit Homemakers.com for more information!
