

DANIEL'S AMISH COLLECTION

Furniture from Daniel's Amish Collection is constructed principally of high quality northern hardwoods. Variations in grain, color, patterns, and texture enhance the natural beauty of fine wood products. These inconsistencies are considered normal and are not covered by this warranty. Certain species also contain small knots, pits, checks, streaks, sap deposits, and other variations which are also considered normal and therefore not warranted. This warranty does not cover normal wear and tear, abuse or damage from excessive chemical, temperature or humidity exposure.
